

## TECHSPAN PLASTIC WELDER KITS

AUSTRALIA / NEW ZEALAND

Techspan® professional plastic welding systems are designed and manufactured to the highest possible quality, for functionality, long life, and reliability. Precision electronic temperature control, robust ergonomic design, and durable plug-in ceramic element technology are just some of the features of Techspan® plastic welding tools.

Our equipment can be purchased in a range of bundled kits, and additional accessories can be supplied as required (refer separate data-sheet). We also supply a comprehensive range of premium Techspan® thermoplastic welding rods for all material types and colours, including blends.

All Techspan® hot air plastic welders are made in Switzerland. Kits include scheduled free service at 12 months, and 1 year extended warranty (total 2 year warranty\*)
